

- As a new user, I want to be able to create an account
- As a logged-out (returning) user, I want to be able to login.
- As a logged-in user,

[Website function #1: Historical financial data extraction]

- I want to see the list of the historical financial data provided on the website (e.g. S&P 500, 10-year U.S. Treasury Bond).
- I want to select the specific financial indicator.
- I want to select the period of the data.
- I want to be able to download the data in JSON format.
- I want to be able to save my download history with a project name.

[Website function #2: Portfolio return calculator]

- I want to build my own portfolio by selecting the financial indicators and adjusting the portion (%) of them.
- I want to set the period of my investment portfolio.
- I want to press the calculate button to get the expected return for the period.
- I want to save my portfolio setting.
